A map of Brazil is shown with numerous yellow dots representing flight data points. The dots are densely packed in the southeastern region, particularly around São Paulo, and more sparsely distributed in the northern and central parts of the country. The map is overlaid with a semi-transparent dark blue layer. In the top left corner, there are three dark rectangular buttons with white text: 'Mapa de voos', 'Mapa de aeroportos', and 'Mapa de rotas'. In the top right corner, there is a search bar and a 'Mapa' button. In the bottom right corner, there is a small inset video showing a person's face. The text '1,9 milhão voos controlados em 2024' is centered on the map in white.
